Wednesday, February 24, 2010 NEW & UPDATED PRAYER REQUEST

Tracy Alves – Please remember Abigail Dumont in prayer. She has been scheduled to have surgery on March 11 to have a gland removed from her throat. She will be 2 in April and has been ill on and off for the past several months. The family is heavy hearted due to several other issues so please keep them in your prayers.

Pam Angell – My sister, Joyce Smith, has been back in the hospital at Forsyth. Please pray she will get her strength back soon. Also, I have another sister in Salt Lake City that has a skin cancer that was removed Monday. There's a possibility it could be serious. She's very worried about it. Her name is Debbie Hartman.

Rebecca Mabe - Please lift our son Nick up in prayer. I have an unspoken request for him.

Joe Williams – Please continue to remember little Delaney Stewart. She is holding her own, but has a long road ahead of her. Thanks for your prayers.

Lisa Harney – Please continue to remember my grandfather. My mom and I took him to the doctor last week and they said it is likely he had a small stroke. We have had to care for my him 24/7 for the last two weeks and the doctor said it would be best to have Hospice come, and that he felt my Papa's time here would not be long. Although this was difficult for us to hear, it is God's blessing that we won't have to put him in a nursing home. God has also completely taken away the pain from his broken rib! That is an answer to our prayers because he is now able to breathe without pain. Please continue to pray that my reading from the Bible and talking to him about Jesus Christ will help him to understand and believe in Jesus Christ. That is my family's greatest concern. Thank you for your calls and prayers for our family.

Pam Rumburg – Great news...Jacob Flood is home! Please pray that he will continue to do well. Thanks for all your prayers.

Marge Morrison - Please continue to pray for Cathy Stockman. Her doctor wants her to continue to stay completely off her feet for the next week. If there is no improvement, they will have to do hip surgery. She is very discouraged. Please keep her in your prayers.

Michelle Hailey – Please remember my mom, Rita Walker, in prayer. She had out-patient surgery on her sinuses today. I also want to thank everyone for all of the prayer, notes, food, and flowers during my surgery last week. I am recovering remarkably well. God is so good!

Karen Beck – A couple of weeks ago, I put out a prayer request for a 39 year old, Suzie Perry. Due to an infection, Suzie was in a coma, on dialysis, had a tracheotomy, and had suffered a stroke. I received word this weekend that Suzie is awake and out of a coma. She is breathing on her own and no longer needs dialysis. Praise God for this miracle! Please continue to keep Suzie in your prayers, as she is still fighting infection, very weak and has a long road to full recovery. Thanks be to God and thank you for your prayers! Also, our coworker, Alyson Jeffreys, would like for you to remember her Godsister, Ashley Dilldine and her husband, Danny. Danny has been sick for several months and although he has had many tests, the doctors cannot find his problem. He went for more tests today. Please pray that they will find the problem and that he will soon be well.

Fran Anthony - Please pray for Ms Irene Hampton. We have prayed for her before as she had Bladder Cancer. She went through radiation and was doing well. She begin having sever back pain recently and was taken to the hospital and they sent her home with medication. Sunday night she was taken again and this time an MRI was done. She has a tumor the size of a golf ball on her spine. Ms Irene is 92 and a trooper. She is a wonderful Christian lady. My prayer is that God's will be done and that her days, whatever they are, are not in pain as she has been. Please keep her in your prayers.

Annette Tilley - I went to the doctor yesterday and received a clean bill of health. I have been on some sort of restriction here or there since my catherization in Oct. of 2008! I praise God for his goodness!

Dick Weaver - I have asked for prayer in the past weeks and still have need of it for my family, myself and the doctors. I will have surgery Monday, March the 1st. The doctors will go in and look at the lymph node around the left lung. If there is cancer in the lymph node they will stop there and will do chemo. If no cancer there they will go into the lung to see if there is cancer there. (Another if) If there is cancer in the mass in the lung they will take out about 1/2 of the lung, but if no cancer they would take just the mass and that would be about 10% of the lung. I need you to pray there is no cancer and that they just take 10% of the lung. I thank you for your prayers in the past and the one's that you will say now.

Ken and Missy Laubach - Please be in prayer for our granddaughter, Keenan Welch. She is 2 ½ years old and in the Baptist Hospital with pneumonia and is not doing well. Please make this a matter of prayer.

Joyce Bagby - Please remember my youngest nephew, David Hodge, in prayer. He has found out that his liver is not functioning and his kidneys are shutting down. He has been in bad health for a while. I am also not sure of his salvation. Please make this a matter of prayer.

Joanna Romine - I had an outpatient phlebectomy today. Please keep me in your prayers.

Carol Bullard - Please pray for me. I have a very special need that needs to be met. Overtime and bonus pay for nurses at the medical center were cut this past year and my part time hours dwindled. This has made our finances rough. I know we are not the only couple facing these financial challenges, but knowing that we can put our burden on the prayer sheet for others to pray for makes it encouraging knowing others are standing in prayer with us. Thank you for praying for my schooling, I made a 95% on the statistics test. I have several more test and papers to write, but your prayers and the Lord's help are seeing me through this last semester!
