Wednesday, March 17, 2010 NEW & UPDATED PRAYER REQUEST

Terry Hartness – Please continue to remember Cecilia and her family in the death of her father. If you would like to send a memoriam, please make it to the Winston-Salem Hospice Home in memory of Ralph Hitchcock.

Jim and Ruth Dumont – Thank you for your prayers on Abigail's behalf. She came through her surgery well. The doctors do not think the cyst is anything serious and do not expect any complication. Please continue to remember her as she recuperates.

Dick and Eva Weaver - Eva and I would like to thank the Church for all your prayers, cards, and phone calls. It is a good feeling to know that the ones that love Jesus Christ will lift your name up to him on your day of need. I would say that the surgery went well but that there is more prayer needed to make sure that we get the right info from the doctors on just what we should do next. Please continue to pray that we will make the right decisions about treatment, etc.

Raymond and Emily Allen – Please remember our daughter, Katie. She left last Thursday night for a mission trip to Germany. Please pray that the Lord will use her in a very mighty way while she is there. Also remember the other eight girls (including Molly Girard) while they are in Germany.

Atlas and April Brooks – Thank you for praying regarding Logan's test on Monday. He did not cooperate with most of the testing procedures, so we will try again in 6 months. Based on the speech that he heard, the doctor believes that Logan's palate is functioning normally (which means no surgery). However, he cannot say that definitely without doing the testing. We will continue with speech therapy, and he will go back for the testing again in September.

Carol Bullard – Please remember me as I take my exam for Critical Care Registered Nursing tomorrow in Raleigh. Also, pray for a job opportunity that will be coming available in May.

Marsha Cowart - Please pray for the three year old great nephew of a dear friend of mine. His name is Brogan and he has been diagnosed with gastroparesis. This is a condition where the food he eats does not digest and is causing him a lot of pain. Please pray for wisdom for the doctors and healing for little Brogan.

Patricia Brown – I would like to request prayer for a good friend of mine, Kathryn Davenport. Her father is in Forsyth Hospital. He is elderly and has many health issues, including pneumonia. He is losing his will to live, and we are unsure of his salvation. Please pray for Kathryn, her dad, Bill Davenport, and her mom Barbra. Thanks for the prayers.

Heather Lindsay – Please pray for Michael. He has had a reoccurrence of his Graft vs Host disease and it is affecting his skin. He is on a really strong topical steroid. If this doesn't clear it up, he will have to go to Duke for ultra-violet treatments. Please pray that this will not be necessary. Also, he will be going for a PET scan on April 19. Please pray that he will be cancer free.

Crystal Yarbrough – My mother has been in the hospital for three days. She was having symptoms of a heart attack and her pain level was a 10. She has already suffered one heart attack a few years ago. She was already at work in the O.R. when it happened so they took her straight downstairs to the E.R. Because of this, they were able to stop the heart attack with a nitroglycerin patch. Her test results came back and she has been diagnosed with Peripheral Artery Disease. They are discussing treatment options now. Please keep her in your prayers.

Laura Harris - Please remember 2 month old Jackson Marshall. He is the nephew of one of our preschool teachers and has been diagnosed with cancerous tumors in his brain. Please remember this little baby and his family as they go through this difficult time. Also, please remember my son, Chris. He is still having a lot of back pain since his accident. He is also going through some painful physical therapy. Thanks for your prayers.

Robin Harrelson – Please remember my sister in prayer today. She was brought to Baptist last night by ambulance after collapsing during an exercise class. They had to administer CRP for 5 minutes and shock her. They were able to bring her back to us but the doctors are unsure what caused the event. She will be undergoing a cardiac workup today. She is only 37 yrs old. Pray for the test results to be good. Pray for God's watchful care over her husband Randall and son JL (11yrs old).

Becky Clous – I am again asking prayer for my nephews and my sister. God is again opening a door for them to respond to Him. Please pray that they will respond in a good way, that His work will be done in their hearts.

Christina Brooks – Please pray for me as I'll be induced this Friday to have our baby. Thank you for your prayers about his size. A recent ultrasound has shown that he is growing, so that is a big praise. We are anxious to meet him!
